

H5::Exception

H5::Exception

H5::DataSetIException

```
graph BT; A[H5::DataSetIException] --> B[H5::Exception]; A --> C[H5::Exception];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'H5::DataSetIException'. Two arrows originate from the top of this box and point upwards to two separate boxes at the top, both labeled 'H5::Exception'. This indicates that 'H5::DataSetIException' is a base class or superclass for the two 'H5::Exception' classes.
